Thanks for taking on The Lakes Orienteering Course. It's easy to get started...

Simply follow the map and as you get to each numbered point, look for the answer in the area around you. You will be looking for a coloured disc that will match the colour of your clue number.

When you find the answer, write it down in the grey box. Once you have filled in all the answers bring this in to our Sales Centre and we'll give you a treat to say 'well done'.

### Instructions

At each numbered point, look for a word or letter under the 'answer' on the disc and take note of it in the space to the right, next to its number, e.g. 1 = A (example only). Once you have all of the words/letters you need, unscramble them to reveal the answer and write it down below!
